

TEAM BUNKER GEAR AND SCBA RELAY

SCORE
N/A

TIME

POST NAME

Scenario: This timed event will simulate the need to rapidly don ones' personal protective equipment in order to rapidly enter a hazardous environment. Four Explorers will complete this event in sequence of one-another for an overall team time. Once all times are calculated, the first-place time will receive 30 points, second-place 29 points, third-place 28 points, and following the same pattern for all teams in the competition.

Rules:

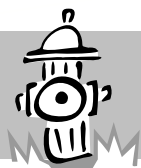

- This is a relay race. Only one Explorer from the post is actively donning gear at a time.
- Explorers must start without any firefighting gear on **and must have socks on (other footwear is optional)**.
- Gear grids will be used for placement of gear. All gear, with the exception of the SCBA, must be positioned in the locker ahead of starting. Helmets must be placed on the upper shelf, jacket hung from the hook, and boots/pants on the lower shelf. Gloves, mask, and hood may be positioned wherever chosen inside the locker.
- All gear must be **separated** (besides pants/boots) and straps **fully extended**. This includes SCBA mask from hose or regulator.
- All gear must be properly donned (boots, pants, hood, jacket, SCBA, mask, helmet, and gloves).
- SCBA must be turned on with air properly flowing through the mask.
- Time ends when last piece of equipment is on securely and properly
- 5 Seconds will be added for **each** infraction with exception of visible skin (10 second penalty).
- The next Explorer may start when all necessary pieces of the ensemble are properly donned, air flowing through the mask, and the Explorer claps his/her hands. A violation for starting early will be 5 seconds.

Action: Properly don and operate equipment.

Equipment: Stop Watch, Judging Forms, Gear Grids

EVALUATE EACH INDIVIDUAL ON:		Penalty (Seconds)	1	2	3	4
1	SCBA cylinder not fully turned on	+5				
2	Buckles, flaps, or zippers on the coat not secured	+5				
3	Chin strap not in place or helmet not tight	+5				
4	SCBA mask straps not cinched down	+5				
5	Shoulder straps on the SCBA not tight	+5				
6	Waist strap not fastened	+5				
7	Gloves not on hands	+5				
8	Collar not up, earflaps not down, or hood not on properly	+5				
9	Next member started before the last explorer was finished properly donning	+5				
10	Skin is visible on Explorer (not properly covered with PPE)	+10
