

# INDIVIDUAL BUNKER GEAR AND SCBA

SCORE
N/A
TIME

POST NAME

EXPLORER NAME

Scenario: This timed event will simulate the need to rapidly don ones' personal protective equipment in order to rapidly enter a hazardous environment.

Rules:

- Gear grids will be used for placement of gear. All gear with the exception of the SCBA must be positioned in the locker ahead of starting. Helmets must be placed on the upper shelf, jacket hung from the hook, and boots/pants on the lower shelf. Gloves, mask and hood may be positioned wherever chosen inside the locker.
- Explorers must start without any firefighting gear on and with footwear completely on.
- All gear must be properly donned (boots, pants, hood, jacket, SCBA, mask, helmet, and gloves).
- All gear must be separated (besides pants/boots) and straps fully extended. This includes SCBA mask from hose or regulator.
- SCBA must be turned on with air properly flowing through the mask.
- Time ends when last piece of equipment is on securely and properly
- 5 Seconds will be added for each infraction.
- If time allows, Explorers will be allowed to complete two attempts in the first round.
- The fastest six (6) explorers will be invited to a second round. These six (6) explorers will compete on stage where the fastest three (3) will reach a final round. Time is reset during these rounds.

Action: Properly don and operate equipment.

Equipment: Stop Watch, Judging Forms

EVALUATE <u>EACH INDIVIDUAL</u> ON:		Penalty (Seconds)	Actual Penalty
1	SCBA cylinder not fully turned on	+5
